

STC  
Community Service Hours

As a STC student at Fairbury High School, part of my class assignment is to participate in 10 hours of community service. This service can be at the place of my choosing. However, I must have the community service location approved with my instructor BEFORE I begin my project. Once my 10 hours of community service are completed, I will have a supervisor/sponsor sign off to verify my participation. Comments are not necessary but encouraged. Community service hours will only be valid beginning June 1<sup>st</sup>, 2008. A separate form must be completed for each different community service site. An evaluation summary will be written during class explaining your experience. If you need help finding a place talk to a teacher or Mrs. Biehl for suggestions.

*Community Service hours are due: October 10, 2008 - 1<sup>st</sup> Quarter Students*  
*December 12, 2008 - 2<sup>nd</sup> Quarter Students*
