

ABOUT ME

I have a bachelors degree and teaching certificate in social science education 7-12. I have an Education Specialist degree in School Psychology and a Doctorate in Educational Leadership. I am a member of the Nebraska School Psychologists Association, the National Association of School Psychologists and I am a Nationally Certified School Psychologist.

My Passions & Special Interests

- High quality instruction and learning for all students
- Developing effective leaders
- Effective use of school psychologists as mental health professionals
- Using existing resources effectively
- Creating efficient and effective systems to support students academically, behaviorally and social-emotionally
- Preventative and proactive practices
- Social justice
- Collaboration with school staff, parents and community stakeholders.
- Advocacy
- State and local leadership

ABOUT ME

I am married to an amazing husband and have three wonderful children. I am a graduate of both UNK and UNL and former college athlete. I love sports, traveling, movies, reading and making a positive difference in the life of others.

WHAT DOES A SCHOOL PSYCHOLOGIST DO?

School psychologists apply expertise in mental health, learning, and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally.

Fairbury Public Schools

703 K Street - Fairbury, NE 68352-2199

2 Prevention

- Design programs for children at risk of failing at school.
- Promote tolerance, understanding, and appreciation of diversity within the school community.
- Develop programs to make schools safer and more effective learning environments.
- Collaborate with school staff and community agencies to provide services directed at improving psychological and physical health.
- Develop partnerships with parents and teachers to promote healthy school environments.

4 Evaluations

- Evaluate students for eligibility of special services according to Nebraska Department of Special Education Laws.
- Assess academic skills and aptitude for learning.
- Determine social-emotional development and mental health status.
- Evaluate learning environments.

1 Consultation & Coaching

- Collaborate with teachers, parents, and administrators to find effective solutions to learning and behavior problems.
- Help others understand child development and how it affects learning and behavior.
- Strengthen working relationships between teachers, parents, and service providers in the community.

3 Direct Services

- Provide psychological counseling to help resolve interpersonal or family problems that interfere with school performance.
- Work directly with children and their families to help resolve problems in adjustment and learning.
- Provide training in social skills and anger management.
- Help families and schools manage crises, such as death, illness, or community trauma.

5 Training

- Training for staff on a variety of topics including mental health, behavioral and academic interventions, classroom instruction and special education guidelines.
- Training for parents on strategies for students with behavioral and academic needs.
